

MANDELLI 1953

Design in your hands

2025 edition

Ogni azienda nasce da un sogno e quello del fondatore di Mandelli Maniglie aveva il colore dell'oro: l'ottone. Correva l'anno 1953. Passione per la bellezza e ingegno che genera innovazione: il saper fare consiste in questo ed è un valore in cui MANDELLI1953 si riconosce da sempre.

Every business rises from a dream and Mandelli's founder had a golden-coloured dream about brass. That was back in 1953. The passion for beauty and the ingenuity that drives innovation is what creates expertise, something that has always been a feature of MANDELLI1953.

Mandelli1953

Da oltre settant'anni progettiamo e realizziamo maniglie in ottone. Eccellente qualità, creatività e continua ricerca per un prodotto altamente affidabile di elevato valore estetico, interamente lavorato in Italia.

For over seventy years we design and manufacture brass handles. Excellent quality, creativity and continuous research for a highly reliable product of aesthetic value, entirely processed in Italy.

Dalla scelta dell'ottone, italiano e di primissima qualità, fino all'imballaggio della maniglia finita, l'intera produzione viene seguita con la massima cura e dedizione in Italia, nel distretto della Brianza. Per questo MANDELLI1953 marca tutti i suoi prodotti con il logo "100% MADE IN ITALY". Quello che il marchio MANDELLI1953 esporta nel mondo non è solo un prodotto d'eccellenza ma un'intera cultura dell'oggetto realizzato ad arte, del saper fare italiano e dell'alta artigianalità, derivata da antiche tradizioni che negli anni hanno saputo rinnovarsi e utilizzare le migliori tecnologie.

From highest quality and Italian brass through the packaging, the whole production process is characterised by great care and attention to detail, here in the Brianza district of Italy. MANDELLI1953 marks all its products "100% MADE IN ITALY". The product MANDELLI1953 exports is not only a mark of excellence, but represents the culture, art and manufacturing ability from its Italian traditions, heritage and craftsmanship, that, through all these years, has been able to improve using the finest technologies.

Settant'anni di storia sono un patrimonio di sapienza artigianale prezioso, cui si aggiungono dedizione, abilità manuale e tecnologia industriale per spingere costantemente l'azienda a produrre nuovi modelli tecnologicamente all'avanguardia con finiture innovative e sostenibili. La continua attività di ricerca da parte del Centro Ricerca e Sviluppo è mirata a coniugare forma e funzione senza compromessi, ponendo MANDELLI1953 tra le aziende leader nel settore, su territorio nazionale e internazionale.

Seventy years in the business gave the company great experience in the artisanal tradition, improving dedication, manual skills and industrial technology, this provided the impetus for a constant flow of highly-advanced models with innovative and sustainable finishes. Constant work in Research and Development department has the target to create the best combinations of form and function, without compromising quality. This makes MANDELLI1953 one of the leading companies in this field, worldwide.

La qualità per MANDELLI1953 si riferisce, prima ancora che alle indiscutibili caratteristiche tecnologiche dei suoi prodotti, ad un insieme di atti, un misto di testardaggine, strategia della pazienza e passione per i dettagli. Tutte le maniglie vengono realizzate all'interno dell'azienda utilizzando unicamente ottone italiano certificato, cui viene data forma tramite forgiatura, tornitura e pressofusione, smerigliatura, vibratura, lucidatura e satinatura, trattamenti galvanici, trattamenti di metallizzazione (PVD) e verniciature. Inflessibile l'attenzione per il ben fatto: sono sempre i particolari a fare la differenza tra un buon prodotto e un manufatto di livello superiore, consapevolezza fondamentale dell'azienda.

MANDELLI1953 quality means a whole series of actions, stubbornness, a strategy of patience and a passion for details. All our handles are made in our factory using only certified Italian brass. This is forged, turned, die cast, grounded, vibrated, polished and satin-finished as well as being treated with galvanising and varnishing processes. The care taken over the finished product is inflexibly constant, this makes the difference between a good product and an excellent one, something that the company has always been aware of.

MANDELLI 1953 ha ottenuto presso l'Istituto IFT Rosenheim, organismo che assicura un prestigioso riconoscimento a livello europeo, le seguenti certificazioni: EN 1906 : 2010: classificazione 47-0040B, una nuova certificazione europea che testa la durata e la resistenza all'usura e alla corrosione di maniglie e pomoli, collocando i prodotti nella fascia più alta (classe 4). EN 1670 : 2007: una certificazione che colloca i prodotti MANDELLI1953 in classe 4, la più alta classe di resistenza alla corrosione (240 ore in nebbia salina).

MANDELLI1953 has received several certificates from the IFT Rosenheim Institute, an institution that assures European recognition: EN 1906 : 2010: class 47-0040B, a European certificate testing durability, static strength and corrosion resistance for lever handles and knobs, obtaining category of use class 4. EN 1670 : 2007: this certificate gives MANDELLI1953 the highest quality level (class 4) regarding resistance to corrosion (240 hours in salty fog chamber).

Premi. L'unione di abilità manuale e tecnologia industriale, la continua attività di ricerca mirata a coniugare forma e funzione, la collaborazione con importanti firme del panorama nazionale e internazionale: è questa la filosofia alla base di ogni progetto. Una produzione costante di nuovi modelli, sempre abbinati a finiture innovative e sostenibili, si è fatta notare, ricevendo negli anni prestigiosi riconoscimenti.

Awards. The creative mix of manual skill and industrial technology, continue research to combine form and function, collaboration with important designers: these are the ingredients behind each MANDELLI1953 project. A philosophy based on a constant production of new models, always combined with innovative and sustainable finishes. All this effort has been repaid receiving prestigious awards over the years.

Sono i dettagli che danno valore a porte e finestre, rivelando il carattere degli spazi che arredano: nasce Atelier Mandelli, dove la cura di un laboratorio artigianale e le risorse di una produzione industriale in continuo aggiornamento si uniscono per soddisfare ogni richiesta progettuale, sia in termini funzionali che estetici.

atelier

The beauty in doors and windows has to be found in details, as they reflect the character of the space they furnish. Atelier Mandelli brings together the care and attention of an artisanal workshop and the resources of a constantly-updated manufacturing process designed to meet the needs of any project in terms of function and aesthetic design.

Cemento. Ricerca e sperimentazione ispirano il progetto Juno firmato Alessandro Dubini per MANDELLI1953. Il materiale costitutivo è il cemento, duro e al tempo stesso morbido, quasi vellutato al tatto. Colori ispirati alle sfumature della terra, una forma contemporanea ed essenziale per esaltare l'originale scelta del materiale, protagonista incontrastato di questo progetto. Vincitrice del premio Good Design 2017.

Concrete. Research and experiment inspire the Juno project by Alessandro Dubini for MANDELLI1953. The material used is concrete, which is hard and yet soft, almost velvet to touch. Colours are inspired by natural ones, while contemporary and clean forms emphasise the originality and unquestioned leading role of the chosen material. Good Design Award 2017 Winner.

Madreperla. Lucentezza e iridescenza fanno della materia stessa la protagonista di questa personalizzazione. Un innesto dalle svariate sfumature e colorazioni rende ogni maniglia ancora più preziosa.

Nacre. Shininess and iridescence make nacre the main character of this customization. A graft of various shades and colors makes each handle even more precious.

Incisa. Il punto di incontro tra ornamento e design. È la possibilità di ottenere decorazioni precise sulla superficie metallica di base, l'ottone, da cui prendono forma le maniglie MANDELLI1953. La tecnica *guilloché*, realizzata da un'apposita macchina guidata manualmente, genera un preciso pattern, dove il fascino dell'artigianato e l'avanguardia tecnologica si uniscono.

Engraving. Where ornament and design meet. Detailed decoration on MANDELLI1953 handles is achieved by the use of techniques as *guilloché*, using a manually guided machine. The resulting patterns reflect both the artisan tradition and the newest technology.

Pelle Dettaglio morbido e raffinato, per avvolgere i progetti MANDELLI1953. La pelle non poteva mancare in un Atelier, materiale ideale per essere cucito intorno ad ogni singola idea. Lavorato a mano, con esperienza artigiana e una visione ispirata alle più moderne decorazioni di interni.

Leather - Soft and refined detail, to wrap the MANDELLI1953's projects. An Atelier couldn't lack of leather, the ideal material to be sewn around every single idea. Hand made, with artisan experience and a vision, inspired by the most modern interior decorations.

Marmo. Tocco di classe sempre attuale nella decorazione d'interni, il marmo è la proposta ideale per impreziosire i pezzi senza tempo della collezione MANDELLI1953. Fulcro di progetti realizzati ad hoc, suggeriti dall'eleganza e dalle proprietà uniche del Marquinia o del Calacatta. Made in Italy, come nella nostra filosofia.

Marble. Marble provides that touch of class to interiors. It is the ideal decor for timeless items in the MANDELLI1953 collection. It is the essence of customized projects suggested by the elegance and uniqueness of Marquinia and Calacatta. Rigorously made in Italy in line with our philosophy.

archivi / archives

La collezione Archivi di MANDELLI1953 è una ricerca tra architetti, designer e artisti del passato, precursori di stili e forme proiettate verso il futuro. Una raccolta di riedizioni e di progetti inediti scoperti negli archivi e proposti per la prima volta al grande pubblico. Un omaggio a tutta la creatività Made in Italy ed una fonte di ispirazione per le nuove generazioni.

MANDELLI1953 Archives collection is a quest between architects, designers and artists of the past, precursors of styles and forms projected towards the future. A collection of re-editions and unpublished projects discovered in the archives and proposed for the first time to the public. A tribute to the Made in Italy creativity and a source of inspiration for the new generations.

archivi

Piero Portaluppi

PP33 è la riedizione esclusiva della maniglia realizzata nel 1933 dal noto architetto Piero Portaluppi. Il nuovo progetto rappresenta il primo modello di maniglia del progetto Archivi.

PP33 is the exclusive re-edition handle made in 1933 by the well-known architect Piero Portaluppi. This new project represents the first handle of the Archives project.

Marcello Morandini

Disegnata da Marcello Morandini
(architetto, artista, designer) nei toni netti del
nero e del bianco, in armonia tra i pieni e i vuoti,
MM80 è una scultura da impugnare.

Designed by Marcello Morandini
(architect, artist, designer), born in black and
white, made of harmony between solids and voids,
MM80 is a sculpture to be held.

archivi

Richard Sapper

Appassionato di navigazione, a Richard Sapper piaceva tantissimo andare in barca a vela, soprattutto sul lago di Como. Oggi rieditati da Mandelli1953, sia la maniglia RS96 che il pomoli in legno hanno una forte ispirazione nautica.

Passionate about boats, Richard Sapper loved to go sailing, especially on Lake Como. Today, reissued by Mandelli1953, both the RS96 handle and the wooden knobs are strongly inspired by nautical themes.

designers

MANDELLI1953 comprende visioni e creazioni di una selezione di autori scelti per collaborare e costruire un dialogo continuo con il mondo del design e del progetto, affinché designer contemporanei uniscano le loro maniglie ai preziosi classici ed ai modelli iconici del marchio.

MANDELLI1953 includes visions and creations by a team of authors that cooperate creating a dialogue with the world of design, where the creative minds share their ideas of modern, iconic and classic MANDELLI1953's range handles.

finiture / finishes

L'eleganza dell'oro o la moderna brillantezza del cromo. Effetti antichizzati o raffinate satinature. Ciascun prodotto è in duro e resistente ottone, mentre un ventaglio di finiture permette poi a ciascuno di scegliere la maniglia più adatta al proprio stile.

The elegance of gold and the modern brilliance of chrome. Antique looks or sophisticated satin finishes. Every product is made of hard and resilient brass, while a whole bouquet of finishes gives everyone the handle that best suits their own style.

Fluxcoating Vitrified. Si può migliorare un materiale già eccellente? Il Centro Ricerca e Sviluppo MANDELLI1953 ne è convinto; ecco perché è stato messo a punto il sistema FLUXCOATING VITRIFIED, un rivestimento capace di migliorare le qualità estetiche dell'ottone e di mantenerle inalterate nel tempo. Il processo consiste in una serie di interventi preparatori del prodotto e nel successivo rivestimento con speciali resine. Il risultato è un'impareggiabile resistenza agli agenti atmosferici, agli urti ed alle abrasioni. Il trattamento FLUXCOATING è applicato alle speciali ed esclusive finiture di Mandelli 1953: MBR (brunito opaco), MSN (nickel satinato opaco), AB (brunito antico), 28 (argento vecchio).

Fluxcoating Vitrified. Can an already excellent material be improved? The research department of MANDELLI1953 is sure that it is possible that's why it has developed VITRIFIED FLUXCOATING system, a protective coating that enhances the quality of brass while ensuring a long life. The product goes through a series of preliminary processes, followed by the application of coatings with special resins. The result is excellent resistance to weathering, shock and abrasion, while the natural shine of polished brass remains unchanged. The FLUXCOATING treatment is available in the following finishes: MBR (matt bronze), MSN (matt satin nickel), AB (antique bronze), 28 (antique chrome).

PVD. Un ulteriore trattamento applicabile ai prodotti MANDELLI1953 è il rivestimento PVD che presenta ottimi risultati di resistenza all'abrasione, alla corrosione e tenuta del colore nel tempo, anche in ambienti esterni e pubblici. Elevate sono le caratteristiche tecniche:

- resistenza al test di stabilità alla luce solare UNI 9337 senza alcuna variazione oltre le 1000 ore;
- ottimi risultati in nebbia salina secondo le norme UNI ISO 9227 di resistenza al CASS e al AASS;
- elevata durezza superficiale ASTM B578-93 di 2600 ÷ 2800 HV (un normale riporto di cromo galvanico ha durezza 800 HV);
- perfetta aderenza al pezzo superando il test UNI ISO 4524-5;
- resistenza ad acidi e alcali come acido cloridrico, solforico, cianuri ecc.

Il trattamento PVD è disponibile per i modelli contrassegnati dal simbolo dedicato, solo sulle versioni rosetta/bocchetta e DK.

Physical Vapor Deposition. An additional treatment applied to some MANDELLI 1953 products is PVD, which name them highly resistant to abrasion, corrosion and bleaching, as well as making them suitable for outdoor and public places. The treatment achieves truly remarkable results:

- the bleaching resistance test shows no alteration even after a 1000 hour test, according to UNI 9337 norms;
- high performances for the resistance test to CASS and AAS according to UNI ISO 9227 norms in salty fog chamber;
- very high surface hardness according to ASTM B578-93 norms of 2600 ÷ 2800 HV (standard chrome plated product shows an 800 HV value);
- perfect adhesion, exceeding UNI ISO 4524-5 norms;
- resistance to acids and alkalis (hydrochloric, sulphuric, cyanide etc...). The treatment is available on models showing the PVD symbol only on the rose/escutcheon version, and with the GOLD and CHROME INOX finishes.

Garanzia. Grazie alla qualità dei materiali impiegati ed all'elevata tecnologia di produzione, MANDELLI1953 offre una speciale garanzia. Il periodo viene esteso, a decorrere dalla data di acquisto, in base alle finiture.

- 26 - 26D: 4 anni;
- Fluxcoating (MBR, AB, 28, MSN): 5 anni;
- PVD: 30 anni.
- La garanzia per i le finiture/materiali non specificati è di 1 Anno
- Avvertenza : Pulire i nostri prodotti solamente con un panno umido d'acqua.

A discrezione di MANDELLI1953, è prevista la riparazione o la sostituzione gratuita del prodotto considerato difettoso entro il periodo di garanzia. Qualora il prodotto sia stato nel frattempo eliminato dalla produzione, MANDELLI1953 potrà, a sua discrezione, decidere se sostituire la merce difettosa con prodotti simili o se rimborsare il costo originario dei prodotti. L'accertamento delle cause, delle responsabilità e la presenza di eventuali vizi di produzione sarà ad insindacabile giudizio di MANDELLI1953. Le spese di invio del campione per tale valutazione sono a carico dell'acquirente. Accertata la responsabilità di MANDELLI1953 e il rispetto dei termini di garanzia, le spese di invio di ulteriore materiale e la restituzione degli stessi riparati o in sostituzione saranno a carico di MANDELLI1953, la stessa non sarà in alcun caso responsabile per i costi relativi all'installazione, riparazione e sostituzione come di danni o perdite lamentate.

Guarantee. The high quality of the technology and production processes means that MANDELLI1953 offers special guarantees. The extended guarantee period runs from the date of purchase, the term depending on the type of finish.

- 26 - 26D: 4 years;
- Fluxcoating (MBR, AB, 28, MSN): 5 years;
- PVD: 30 years.
- The warranty for non-specified finishes / materials is 1 year
- Warning: Clean our products only with a damp cloth.

The guarantee provides, at the discretion of MANDELLI1953, for repairs to or the free replacement of the product deemed defective within the guarantee period. If the product has in the meantime gone out of production, MANDELLI1953 may, at its discretion, decide to replace the defective goods with similar products, or to reimburse the customer the original cost. Ascertaining the causes of, responsibility for and the presence of any production process defects, are matters for the final judgement of MANDELLI1953. The costs of sending the sample for appraisal shall be borne by the purchaser. When the responsibility of MANDELLI1953 has been ascertained and the guarantee terms are complied with, the costs of sending any further goods and the return of repaired good or replacement goods shall be borne by MANDELLI1953, while the company shall in no case be liable for costs relating to installation, repair or replacement or for damages or losses complained of.

Solo ottone e acciaio. Niente altri materiali più facilmente soggetti all'usura del tempo. I sistemi di sicurezza delle maniglie MANDELLI1953 sono fatti per durare nel tempo. I pulsanti di blocco alla rotazione sono collocati discretamente sul retro dell'impugnatura per non alterare le linee del prodotto. La sicurezza, sia dall'interno che dall'esterno, non sacrifica la funzionalità: il sistema è ergonomico e facile da azionare per un adulto. Basta una leggera pressione sul tasto per sbloccare la rotazione e azionare la maniglia. Sicurezza non solo per la casa ma anche per i bambini. Il DK magnetico di sicurezza è disponibile solo sui modelli Lario, Link e Start.

Only brass and steel. No any other materials likely to wear quickly. The MANDELLI1953 handle security systems are made to last forever. They are, moreover, invisible, with the rotation lock buttons discretely hidden in the back of the handle so as not to interfere with their aesthetic look. Inside and outside security remains highly functional, ergonomic and easy to use. Light pressure on the button unlocks rotation to turn the handle. As quick and easy as any quality product should be. The secure magnetic DK-lever-system is available for oval plates on Lario, Link and Start.

Il catalogo e i prodotti sono soggetti ad aggiornamenti. Le colorazioni e le raffigurazioni visibili sul catalogo hanno valore puramente indicativo e possono presentare leggere differenze dal prodotto originale in quanto riportate con un procedimento di stampa. Eventuali discordanze tra prodotto finito e rappresentazione non costituiscono motivo di reclamo, essendo l'ordine effettuato l'unico parametro di riferimento. Le quote riportate sono indicative e potrebbero avere lievi differenze date dal fatto che le nostre lavorazioni sono realizzate a mano.

Modelli e marchi depositati. Tutti i diritti riservati © ERCO srl.

Catalogues and products are subject to updates. Colors and pictures in the catalogue are not binding and may slightly differ compared with the product since they are obtained by a printing process. Possible differences between ready-made product and its representation cannot cause any complaint, since the purchase order is the only binding reference document. The dimensions reported are indicative and may slightly vary due to the fact that our handles are performed manually.

Models produced are trade-marks registered. All rights reserved © ERCO srl.
